

April 21, 1967

Mrs. Lorene Griffin, President
Enterprise Coin Club

Dear Mrs. Griffin:

Thank you for your recent letter concerning National Coin Week materials. They are all enclosed as requested. Earlier we had two different sized National Coin Week exhibit cards, but our supply of these has been exhausted and we are unable to have more printed in time to be of use.

We hope you will remember to make and submit a report of any of your activities since January 1st so that they will count in the record and working members may receive Certificates of Award. If you aren't in competition for an award, the report need not be large or complicated but enough so that we may get a picture of your activities.

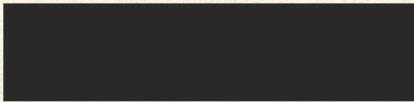

Best wishes for success in all your numismatic endeavors.

Sincerely yours,

Rick & Virginia Bronson
